El-Mann family is well recognized in Mexico. They are the largest shareholder of FUNA (largest Mexican REIT).  
I will put you in contact with Pablo, who leads the deal from their side.

Best,  
Carlos

Nils,

Hope things are good.

After the deal with Promecap fell through, we started DD to sell Gayosso to another interested party, the Andre El-Mann family office. We believe they are serious.

They have requested to speak with you. Can we put you in contact with Pablo Peña (from Execution Finance, El-Mann advisors)?

Please let us know. Thanks.

P.S I am copying also my colleague Carlos Peña, who will lead the day to day of this potential transaction.
